

Employment Standards Act Leave of Absence – within six months

Timeline

Please use this timeline as a helpful guide to complete the purchase process.

The average time to complete this pension purchase is 6-9 months. As the process is complex and there may be delays, please note that your purchase may take longer to complete.

This process applies to a statutory leave defined under the Employment Standards Act (2000) (other than a pregnancy, adoption or parental leave, which follows a separate process). If the purchase is made within six months of the end date of your leave, the cost of this pension purchase is shared equally between you and your employer.
